

SOCIAL CONCERNS

Chair: Open

The Social Concerns Commission has scheduled a trip to the Pregnancy Center in Camdenton on Thursday, September 5th. It is a non-profit, Christian organization, supported by individuals, businesses and churches that provides support to pregnant women in the tri-county area. Their mission is to provide options outside of abortion. We have scheduled the trip so that all parishioners can learn first hand about their work. We will leave the church at 9:30 for those who wish to have a ride and should return by noon. Please call Glenda with any questions. 573-552-5337

La Planificación Familiar Natural:

La planificación familiar natural (PFN) es el término que se maneja para referirse a los métodos de planificación familiar que son naturales, científicos, moralmente buenos y eficaces para lograr o posponer embarazos. No son los antiguos métodos naturales que no tienen bases científicas y no funcionan. Estos métodos están basados en la observación de los signos y síntomas naturales de las fases fértiles e infértiles del ciclo menstrual de la mujer.

La PFN no utiliza las drogas, los artefactos o procedimientos quirúrgicos que comúnmente son ineficaces y dañinos para la salud. Además, éstos respetan la naturaleza unitiva y procreativa del acto conyugal según el diseño de Dios del amor conyugal.

Estos métodos le ayudarán a lograr o posponer embarazos de una manera efectiva y sin las dañinas consecuencias de todos los anticonceptivos. Además, les permitirá disfrutar y vivir su sexualidad a plenitud y fortalecer su relación mutua y con Dios. Si está pensando en casarse, está en preparación matrimonial, vive con su pareja o está casado/a, tiene hijos o no, ¡NO LO PIENSE MÁS!
